Dip brush into nail liquid, all the way to the ferrule.

Wipe brush away from you. For a smaller ball drain MORE liquid, for a larger ball drain LESS liquid.

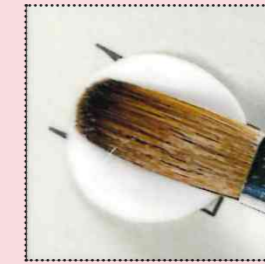

Drag towards you in powder, lightly for smaller ball, drag deeper for larger ball.

Place ball on free-edge area with pressure, to release ball.

Lift brush and let ball flow 3 seconds, 1-2-3

Pat ball from nail-groove to nail-groove with belly of brush, to release liquid.

Bring in Left Side with side of brush.

Bring in Right Side with side of brush.

Start Smile, turn your brush around, pointed towards you, push down in the center to start smile.

Create Right curve of Smile, Twirl brush to the Right.

Create Left curve of Smile, Twirl brush to the Left.

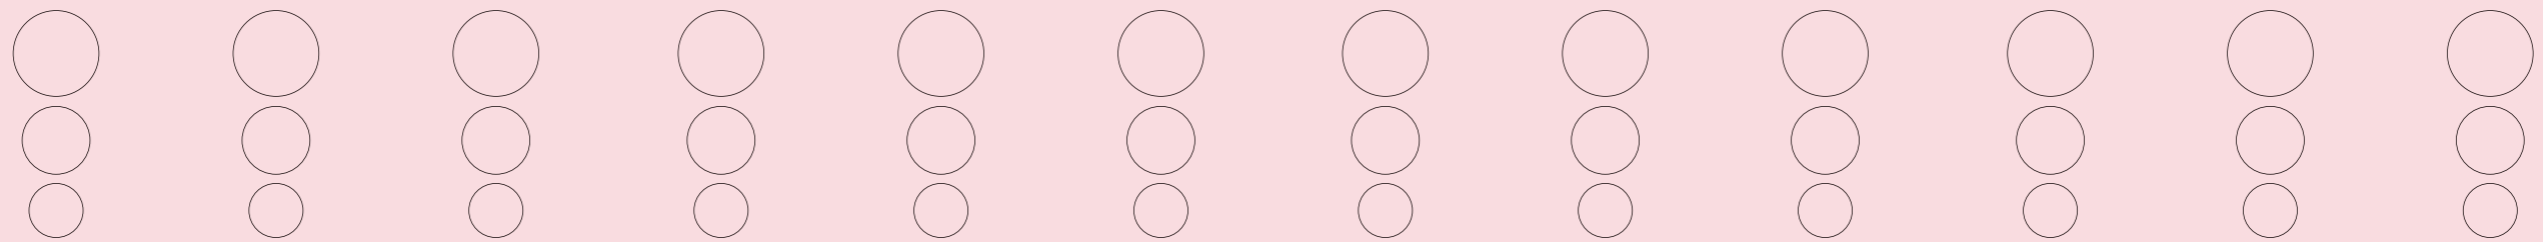

Finish tip of free-edge.

Clean off brush on TT Towelette - Use a clean Towelette every 10 nails. Use TT Conditioning Brush Cleaner as needed.

PRACTICE MAKING BALLS TO FIT INSIDE CIRCLES. PLACE - LIFT - LET FLOW ONLY. BALL SHOULD NOT FLOW PAST THE LINES.

PRACTICE MAKING FREE-EDGES (CHANGE YOUR LIQUID EVERY 3-5 NAILS OR WHEN LIQUID BECOMES CLOUDY)
